7) How many of these vacancies should be treated as special and how many as general and whether the C.R.B. rules should apply to the appointment of Medical probationers at all is being separately examined.

8) Whatever the decision in that file may be, the present position is this./ For the 8 vacancies and the appointment of 4 Health Probationers separately under consideration there are only 8 backward class candidate available. Of these Mr.Sundaram and Mr.Appajappa may be ruled out as the first is neither a domiciled Mysorean nor a Medical graduate of the Mysore University and is also too old being 34 years of age; and the second Mr.Appajappa was dismissed from the K.R.hospital for unsatisfactory conduct. This leaves only 6 backward class candidates of whom it is proposed to appoint 2 as Health Probationers. Thus only 4 of these will be available for appointment in the Medical Department against the 8 vacancies. Therefore at least for want of backward class candidates the other 4 appointments will have to be given to Brahmin candidates. Of the following 6 backward class candidates 2 may be appointed as Health Probationers and the other 4 as Medical -

Subject.— Appointment of Probationers for the Medical Department.

In his letter dated the 20th February 1939, the Senior Surgeon reported to the Government the occurrence of seven vacancies in his Department and the likelihood of an eighth one occurring in the near future. Three of these vacancies were advertised by the Senior Surgeon as directed by Government and applications called for. Subsequently the Government considered that, as the appointments are generally being restricted to graduates of the Mysore University, it would be useful if a list of un-employed graduates of the University was obtained and a selection made out of it. The list was forwarded by the Senior Surgeon with his letter dated 1st March 1939.

Applications for appointments have been received from eight non-Brahmin graduates and the names of seven of these are found in the list forwarded by the Senior Surgeon. The application of Mr. Sundaram (who is one of the eight) has been ruled out as he is neither a Mysorean nor a medical graduate of the Mysore University and is also too old being 34 years of age. Of the remaining seven, the application of Mr. Appajappa has not been considered as he was dismissed from the Krishnarajendra Hospital for unsatisfactory conduct. Thus there are six graduates of the backward classes for consideration. Of these Messrs S. D. Narayana Gowda and V. Ramakrishna have been separately proposed for Health-Probatinerships, leaving only four candidates for consideration.

Accepting the recommendation of the Senior Surgeon, I now propose that these four graduates viz., Mr. S, T. Puttanna, Mr. K. S. George, Mr. T. S. Jayaram and Mr. Ghouse Ahmed Sheriff, be appointed as Medical Probationers. All the available graduates of the backward classes will have been thus provided for.

There remain four more vacancies for being filled up and graduates of the Brahmin community will have to be selected for these places for lack of candidates of the backward classes. I therefore propose that the following four graduates may be appointed to these places:-

Messrs.

1. H. V. Suryanarayana Rao (son of Mr. H.Venkataramiah of Tumkur.).
2. A. S. Krishnaswami (son of Rajadharmaprasakta Mr. A. S. R. Chari, Retired High Court Judge.)
3. H. Lakshminarayana(Malnad graduate and son-in-law of Mr. Malur Subba Rao.)
4. S. Srinivasan (son of Mr. M. Sesha Iyengar.)

The first candidate has passed the B.Sc., and the M.B.B.S., examinations of the Mysore University and secured the Diploma in Laryngology and Otology from the Royal College of Surgeons, London. The Senior Surgeon has stated that Mr.Suryanarayana Rao would be very valuable for the E.N.T. Department of the Victoria Hospital as an understudy at first and later may either succeed Dr. S. N. Prasad or be in charge of an E.N.T. unit elsewhere. I agree with the Senior Surgeon and propose that Mr. H. V. Suryanarayana Rao be appointed Third Grade Assistant Surgeon on Rs 80/- per month with a personal absorbable allowance of Rs 40/- as in the case of Mr. M. B. Sundara Rao.

The above proposals which have been agreed to by the Dewan and the First Member may be graciously approved.

To
The Secretary to the Government of Mysore,
Local Self Government Department, Bangalore.

Sir,

I have the honour to forward herewith, in original, an application for appointment in the medical service by Mr.H.V.Suryanarayana Rao, B.Sc., M.B.B.S.,D.L.O.

Mr.Suryanarayana Rao is a graduate of the Mysore Medical College and has recently obtained the Diploma in Laryngology and Otology from the Royal College of Surgeons, London at his own expense.

A young man of this qualification would, if appointed, be very valuable for the E.N.T.Department of the Victoria Hospital as an understudy at first and later to either succeed Dr.S.N.Prasad or be in charge of an E.N.T. unit elsewhere. There are very few Mysoreans in service who have taken this special diploma (Dr.S.N.Prasad and Dr.K.Krishna Rao) and it would involve considerable expense if any of the officers were to be deputed for this purpose by Government.

There are a few vacancies available in the Department at present as already reported to Government in this office No. G.C-192-34 dated 26-1-39 and if the appointment of Mr.Suryanarayana Rao is admissible, he may be entertained on such pay and allowance as Government may be pleased to fix. As an instance, I may note that Mr.M.B.Sundara Rao who recently returned from England after obtaining the degree of D.M.O.S., was granted a personal absorbable allowance of Rs.40 per mensem in addition to his pay of Rs.80.

I have the honour to be,

Strictly Confidential. Bombay, 10.3.'39

My dear Nanjaraja Iyengar,

I phoned to you on the 7th instant at 8.30 p.m. and learnt just then you had left your house to go to Bhadravati.

I am writing this letter with a hope that you have done something on the subject I phoned to you. I have been told that Dr. H. V. Suryanarayana Rao has been hinted by some one that he would be started on Rs.80 + Rs.40 along with his classmates who have no foreign qualification. Considering his foreign qualification and his expenditure of Rs.12,000/-, is it not possible to start him on Rs.150/-, without allowances? If he had joined the service three years back on Rs.80 + 40 and had gone to England on leave after retaining his lien on the job and returned back with some foreign qualifications, certainly he had no claim to ask for a higher salary. Of course, this system is followed in Bombay. In these circumstances, I hope you will very kindly manage and see that he is not dumped along with his classmates without foreign qualifications.

Besides his father is a most loyal subject of His Highness and has rendered honourable and honest free service to Government for nearly 25 years. I do not wish to add any thing more.

However, I leave this to you. Please treat this matter as strictly Confidential.

Trusting that this will find you and family members in the enjoyment of excellent health.

I remain,

Very sincerely yours,

C. Nanjaraja Iyengar, Esq.,

RESPECTFULLY SUBMITTED TO THE DEWAN.

As instructed by the Dewan, I called on Mr. P.H. Krishna Rao, Local Self Government department secretary, and ascertained from him that my son's name had not been included in the list of Medical probationers recently approved by Government(kindly referred to by the Dewan). I understand that there are still some more vacancies remaining to be filled up in the Medical department, and humbly beg that my son, Mr. K. Krishnamurthy, M B B S 1935, may kindly be favoured with an appointment in one of these vacancies.

For this act of kindness, I shall ever feel very grateful to the Dewan, and an appointment to my son in the Medical department to which I belonged, would be a very great relief to me in my old age.

S i r,

I have had the good fortune of paying my respects to you on previous occasions when I submitted Memorials for your kind and sympathetic consideration. You were graciously pleased to cause the Senior Surgeon to register my name for an appointment in the Medical Department, and to consider my case when I applied for it through the proper channel. (Vide Senior Surgeon's G.C.No. 13-14 dated 23rd Jany. 1935 and G.C.48-1 dated 22nd August 1938.) May I request you Sir, to bestow on me the generous gift of a job in the Medical Department, as I understand some hands are going to be recruited shortly?

You are well aware Sir, how my father devoted all his time to service and how the strain even told on his health and ended in his premature death. Were I addressing one new to Mysore I might have found myself in the unhappy position of having to narrate, the sad train of events, which cut my father's life at 51; but in the case of your goodself who knows the family so well, that necessity is spared. My prayers for a start in the Medical Service since 1934 have been repeatedly met with such disappointments that I am beginning to feel the freezing effects of what looks like despair. I request you Sir, for old days' sake, you put life into my hopes and extend now a helping hand and take me along with other applicants now into the Medical Service.

Respected Sir,

I, M.Krishnamurthi Rao, at present House Surgeon in the Victoria Hospital, Bangalore, beg to submit the following - humble representation for your gracious consideration, and orders.

I am a graduate of the Central College, Bangalore as well as a Medical Graduate of the University Medical College, Mysore, having taken my M.B.B.S. degree in April 1938. Since then, I have been a House Surgeon in the Victoria Hospital at Bangalore. My House Surgeon's appointment ceases at the end of June 1939. The appended certificates obtained from Dr.T.Seshacalam, the Medical Officer, Victoria Hospital under whom I have been serv-ing now, Dr.Robinson, the Principal of the Medical College, Mysore, Dr.Misra and Dr.C.Krishnaswamy Rao who were my professors in Clinical Surgery and medicine respectively in the Medical College, will bear testimony to my character, the work done by me as a House Surgeon and also attainments in the College.

My father is now a Sanitary Inspector at Tumkur and is due to retire in February next. I have immediately to take over the responsibility of maintaining his large family. Mr.P.S.Purnaiya late District Survey Officer is my father-in-law, and instead of my counting on his help for starting medical practice, he himself stands in need of help from me. If at this juncture you will be so pleased as to appoint me as a Medical Probationer two families will be everlastingly beholden to you and as for myself it is scarcely necessary to add that it will be my duty always to do my best to deserve the kindness shown to me.

Bangalore,

I beg to bring the following few lines for your kind consideration:--

I had the honour of having had two interviews with you some time back in connection with the appointment for my son Dr. H.A.Nagaraja Rao, M.B.B.S., who since two years is on the waiting list after finishing his house-surgeonship in Victoria Hospital, Bangalore. I am highly thankful for the patient hearing you gave me but I feel sorry to state that my son has not so far secured medical probationership though most of his class-mates and juniors have secured appointments.

Sir, I understand there are some vacancies in the department which are about to be filled in and I humbly request you to consider his case favourably.

Again, may I bring to your kind notice that I am a retired man with a meagre pension but a large family and as such my humble request may be kindly and favourably considered.

(2) Mr. T. Prasannasimha Rao is applying for a vacancy in the Medical Department and has asked me for a letter to accompany his application, which I am very pleased to give him. He is a man with pleasing address and good character and is keen and interested in his work. He served as HouseSurgeon satisfactorily for a year, after his graduation two years ago, and then worked in the Medical college and is now a Research student. He completed his course with/a failure, in the minimum prescribed five years, and won several prizes. In spite of financial limitations (his father having died in harness in Government service) he has done well and will be a useful member of the Medical Service if given an appointment.

(3) Department of Physics Central College,Bangalore

T. Prasannasimha Rao is well known to me as a student in the B.Sc., classes of the Central College in the years 1927-28-29. He passed the B.Sc., Degree Examination held in April 1929 in the second class offering Physics as his main subject and Mathematics as the subsidiary. In my opinion the class he has taken does not represent his abilities adequately. He is a very intelligent young man and has the capacity of doing the work entrusted him wholeheartedly. His laboratory work was very well done. He comes of a very respectable family, his grandfather the late Mr. T. Narahari Rao was chief judge of the Mysore Chief Court and his father the late Mr. T. Lakshminarasimha Rao was auditor Mysore Railways. I have found him one of the best behaved student in the class and possesses an excellent character

I know Mr. T. Prasannasimha Rao, B.Sc.,M.B.B.S. for nearly seven years as a student of the Medical College, as House Surgeon in the Krishnarajendra Hospital, and as Research Scholar. He was a very deligent and industrious student in his college career. As a house surgeon his application to the work was very satisfactory. He passed all the University Examinations successfully and with distinction without any failures. He has been doing research work in the departments of Ophthalmology, Biochemistry and Medicine for the last two years. He is taking very keen interest and applying himself to the work wholeheartedly. He has been also doing, occasionally, some eye work in the out-patients as well as in the wards of this department. His conduct and behaviour are exemplary. I feel certain that he will prove very efficient and worthy as a teacher in any department of Medicine, if a chance is given to him.

dated 13th February 38.

I know Dr.T.Prasannasimha Rao B.Sc., M.B.B.S. very well, for many years.

As a student in the medical college, I found him to be diligent in his studies and passed the examinations regularly without any failure. In the final M.B. examination his performance was particularly good in medicine. Working as a house physician he picked up laboratory work quickly and showed special aptitude for experimental medicine.

The University, on the recommendation from the College Council awarded a post graduate scholarship to him and is now working in the medical college.

He comes of a well known family in Mysore and his character is good. Physically he is fit and represented the medical college in Hockey, Basket Ball and Volleyball matches.

I am very confident that he will be a good clinician and an impressive teacher.

Mr. T. Prasannasimha Rao has just passed his B.Sc., degree examination from this college with Physics and mathematics as his subjects. I find from his records that he has had an unbroken career-- always safe and steady, maintaining a creditable all round average. During his last year he came under my special tuition in English, and did his work for me punctually and well. He can be relied upon as a steady and diligent worker. His character was uniformly good and he has gentlemanly manners.

I have known Doctor N.Anandalwar for nearly ten years. He was my student and subsequently a house-surgeon. For the last four years he has been on the staff of the Medical School as a demonstrator of Pathology and has done very satisfactory work. He is a capable assistant and will discharge his duties conscientously.

Dr. N. Anandalwar was working in the medical wards as a House-Surgeon in the year 1934-1935. I found him, during the time he was working under my guidance, to be very hardworking, intelligent and sympathetic towards the patients. He was very clever in the methods of examination of patients and was doing the ward work to my entire satisfaction. His conduct is very good, and his behaviour towards the patients and on the superiors is all that is desirable. I am sure he would do very well as a doctor in the medical department. I strongly recommend him for a medical Probationer's post in the medical department.

Bangalore,
Dated. 15th.June 1938.

Dr. V.Anandalwar has been working as a demonstrator in Pathology for the last three years in the medical school, Bangalore. He has been working also in the Pathological Laboratory for of the Victoria Hospital. During these three years he has been able to equip himself with all the knowledge of up-todate laboratory techniques and is also assisting me in carrying out certain Original investigations. As a result of this one of the papers on "Blood Urea Estimation and Renal Efficiency Test" has been worked out and the same would be published in a short time. He has at the same time kept himself in touch with the clinical cases. As a combined effect of Laboratory knowledge and the clinical study of cases, he would do very well as a medical man. He is hardworking, intelligent and assiduous. I would strongly recommend him for the post of a medical probationer.

I hereby Certify that I know Dr. V. K. Sundaram, M.A.B.S., well, particularly as my Student. He devoted a good deal of time to dissections of the human body and thus gained a good, firsthand knowledge of Anatomy which should be of very great help to him especially in Surgery. I know that he applied himself equally well to the study of the other subjects of the medical curriculum. Thus he has had all the preliminary training for becoming an efficient doctor. With regard to character, he is a straightforward and perfectly trustworthy gentleman, of the type that will be an asset for Society.

I have known the bearer Mr. M.Appajappa, M.B.B.S from his childhood. Becomes of a poor but respectable family from morasu Village in Alur Sub-Taluk of this District, which is a Malanad area. Being of himble origin and small means he rose up to this height by securing the sympathy and support of outsiders by sheer dint of industry, character and behaviour. He is a veerashaiva by caste amongst whom there are but few M.B.B.S. Degree holders, probably he being the first or the second till now, to hold that degree. He secured a first class pass in the Lower Secondary and S.S.L.C.examinations and was the recipient of backward class scholarships in his High School, Intermediate Colldge and Medical College courses, besides being the recipient of Mr. Appa Rao's Endowment scholarship in the third year course of the M.B.B.S. examinations. He is now connected by marriage with the daughter of Mr. H.K. Mallappa, Assistant Inspector of Schools in Kolar, who has given an endowment to the University in the name of his father, the late Mr. Keni Siddappa.

He now seeks appointment as a medical probationer amongst the three non-brahmin vacancies advertised in the Gazette. As he belongs to the Veerashiva community and beloggs to a Malanad village which deserves some special consideration, I strongly recommend his case for favourable consideration by the authorities concerned, and their generosity in accepting this candidature will be gratefully appreciated by the Malnad people.

"We hear much, now-a-days, of the ultra-Violet and Infra-red rays of the sun, produced artificially by electricity, which proves that the sun has got these specialised rays, existing within the ordinary rays, having great healing and germicidal properties. It has been Scientifically proved that the sun's rays have got the power of destroying germs in infected articles when these are exposed to the sun for a few hours. This germ killing power is attributed to the special active rays of the sun, called the ultra Violet rays, which have also the power of healing many diseases of the skin and other ailments. The sun also has got life giving properties in its rays, for without them no life Can thrive, either Plants or Animals."

Most Respected Sir,

My appointment as demonstrator in Medical School was made in accordance with the C.R.B. rules. I am a double graduate and have been serving on a small pay with the hope that I would be eventually promoted to higher pay. The appointments in the University are as much under the control of the Govt. and I hope there is not much distinction in so far as recruitment is considered I Submit that it is rather hard that the appointments of Medical graduates are given away to new men though there are men of no less qualification already in service

I pray that in consideration of my qualification and hard work in the appointment I now hold - for over 2½ years - one of these two appointments may kindly be bestowed on me. Thanking you,

Rao Bahadur N. S. Nanjundiah

I have known the bearer Mr. N. Appajappa, M. B; B. S. from his childhood. He comes of a poor but respectable family from Morasu Village in Alur Sub Taluk of this District which is a Malnad area. Being of humble origin and small means he rose up to this height by Securing the Sympathy and Support of out-siders by sheer dint of industry, Character and behaviour. He is a Veerashiva by caste amongst whom there are but few M. B; B. S. Degree holders, probably he being the first or the second till now, to hold that degree. He Secured a first-class pass in the Secondary and S. S. L. C. examinations and was the recipient of backward scholarships in his High School, Intermediate College and Medical college courses, besides being the recipient of Mr. Arpu Rao's Scholarship in the third year course of the M. B; B. S. examinations. He is now connected by marriage with the daughter of Mr. H. K. Malleppa, Assistant Inspector of Schools in Kolar, who has given an Endowment to the University in the name of his father, the late Mr. Keri Siddappa.

He now Seeks appointment as a medical probationer amongst the three non-brahmin Vacancies advertised in the Gazette. As he belongs to the Veerashiva community and belongs to a Malnad Village which deserves Some Special consideration, I Strongly Recommend his case for favourable consideration by the authorities concerned and this generosity in accepting this candidature will be gratefully appreciated by the Malnad people.

M/s Ballabh B.A. Manjundiah,

I have known the bearer Mr. L.Appajappa, M.B.B.S. from his childhood. He comes of a poor but respectable family from Morasu Village in Alur Sub-taluk of this District, which is a Malnad area. Being of humble origin and small means he rose up to this height by securing the sympath and support of outsiders by sheer dint of industry, character and behaviour. He is a veerashaiva by caste amongst whom there are but few M.B.B.S. Degree holders, probably he being the first or the second till now, to hold that degree. He secured a first class pass in the Lower Secondary and S.S.L.C. examinations and was the recipient of backward class scholarships in his High School, Intermediate College and Medical College courses, besides being the recipient of Mr. Appu Rao's endowment scholarship in the third year course of the M.B.B.S. examinations. He is now connected by marriage with the daughter of Mr. H.L. Hallappa, Assistant Inspector of Schools in Kolar, who has given an endowment to the University in the name of his father, the late Mr. Koni Sid appa.

He now seeks appointment as a medical probationer amongst the three non-brahmin vacancies advertised in the Gazette. As he belongs to the Veerashiva community and belongs to a Malnad village which deserves some special consideration, I strongly recommend his case for favourable consideration by the authorities concerned, and their generosity in accepting this candidature will be gratefully appreciated by the Malnad people.
